

milestone HCQU Northwest

Speaker of the Month

Warren State Hospital, Israel Building

677 Hospital Drive, North Warren, Pennsylvania

May 16, 2018

9:30AM – 11:30

(Registration begins at 9:00)

Brain Injury

presented by

Carol Hoover

Brain injuries are more common than you might imagine. Carol Hoover, of the Brain Injury Association of Pennsylvania, will present a general overview of brain injuries, as well as a more in-depth look at:

- levels of severity of brain injury and functional outcomes
- common effects of brain injury
- strategies for dealing with the effects of brain injury
- screening for undiagnosed brain injuries
- overview of types, causes and mechanisms of brain injury
- brain injury prevalence and incidence
- concussion: an often overlooked brain injury
- resources for individuals with brain injuries and their families

To register for this **free** event, please contact Lisa Brocious at Milestone HCQU Northwest, by phone at (814) 728-9400 or email lbrocious@MilestonePA.org. You may also fax a registration form to (814) 728-8887.

Registrations must be received by May 14, 2018.
