    When shown a picture paired with an object
    Given two or more picture cards will indicate a choice
    When presented a situation display or communication board
    When given verbal choices, person indicates "yes" for desired one
    other
Maximum number of choices presented at one time
```

$\qquad$

```
What kinds of choices are provided? (check all that apply)
        snacks __drinks
                        leisure
        ood
        music
        condiments
        items to buy
        where to go
                        TV shows
        where to sit
    jewelry
                        clothes
                        people
                                chores
                                videos
                                    _work
                                    _hair style
                                    make-up
    other
```

## Independent Communication Methods

Indicate all the ways the person attempts to communicate without prompts or assistance

## Vocalizations

Eye gaze
Facial expressions
Reaching/touching/tapping
Points to people objects/areas
Leads people, pulls people towards a place
Manually guides someone to do a task
(e.g. places person's hand on a cabinet to request OPEN)

request an activity (e.g. hands keys to staff = I want to go in the car)
Shows an object or picture
Stands/sits near item (e.g. stays near door $=$ wants to go out)
Demonstrates an action (pantomimes) e.g shooting a basket
Common gestures (e.g. wave hello/goodbye, head nod/shake)
Made-up gestures and signals
(complete Communication Dictionary with description of signals)
Behaviors which draw negative attention
$\qquad$ Signs: ___single words ___ phrases ___ sentences
Number of signs used without prompts: some signs modified all signs are standard
Understood by familiar people: rarely sometimes all the time
$\qquad$ Speech: ___single words __ phrases ___ sentences
Number of words used without models $\qquad$
Understood by familiar people: rarely sometimes all the time Understood by unfamiliar people: rarely sometimes all the time

Pictures/words in the environment
Picture cards in environment, schedules or choice boards
$\qquad$ Points on a map or calendar
Pictures from magazines, catalogs, photo albums Draws pictures
Number pictures/words used without prompts: $\qquad$
Communication book/board/tray
Number symbols used without prompts: $\qquad$
Voice-output communication system $\qquad$
Number symbols used without prompts:

| Spelling | gives initial letters | spells words | sentences |
| :--- | :---: | :---: | :---: |
| writes | letter board |  |  |

Writing is understood:rarely sometimes all the time

## Communication Dictionary (optional)

| What the individual does <br> (describe unique signals | What it can mean <br> (list all messages the signal | How you respond |
| :---: | :---: | :---: |
| or gestures) | could represent) |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |

## Notes

## MESSAGESCOMMUNICATED

| Just by observing, ...a familiar person can interpret the following messages: |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
| You can tell when... <br> (respond using $1=y e s, 0=n o$ ) | How do you know? <br> (describe observed behavior) | Communicates this message using behavior harmful to self or others |  |  |
|  |  | never | sometimes | almost always |
| The person is sick |  |  |  |  |
| $\ldots$...is tired |  |  |  |  |
| ....is upset |  |  |  |  |
| ....is hungry |  |  |  |  |
| ...is uncomfortable |  |  |  |  |
| likes something |  |  |  |  |
| doesn't like something |  |  |  |  |
| wants to stop or leave a situation |  |  |  |  |
| wants attention |  |  |  |  |
| wants an object |  |  |  |  |
| wants "more" of something |  |  |  |  |
| wants someone to do something |  |  |  |  |
| ...is bored |  |  |  |  |

| Communicates Independently |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
| (Indicate each message communicated) <br> Using $1=y e s, 0=$ no $)$ | How? <br> (describe communication method) | Understood by: |  |  |
|  |  | Primary caregiver(s) | Familiar people | Unfamiliar people |
| "I like this" |  |  |  |  |
| Refuses or protests |  |  |  |  |
| Greets people (initiates greeting) |  |  |  |  |
| "Tries to get someone's attention |  |  |  |  |
| "I want to STOP" |  |  |  |  |
| MORE" or "do that again |  |  |  |  |
| Answers simple yes/no questions |  |  |  |  |
| Requests objects he can see or touch |  |  |  |  |
| Tries to get someone to do something, e.g. Come here |  |  |  |  |
| Answers simple questions, e.g., Where is ? |  |  |  |  |
| Describes illness, e.g. Points to head =headache |  |  |  |  |
| Reports 2 or more feelings, e.g. tired, sad, etc. |  |  |  |  |
| Makes comments, e.g., mine, hot, broken, etc. |  |  |  |  |
| Request something he/she cannot see or touch |  |  |  |  |
| Tells someone his/her name |  |  |  |  |
| Asks simple questions, e.g. where? when? what's that? |  |  |  |  |
| Repairs conversation, e.g. That's not what I mean |  |  |  |  |
| Provides information about a past or future event |  |  |  |  |
