

## Speaker of the Month Webinar

May 15th, 2024

9:30AM – 11AM

"Strokes"

*presented by*

**Beverly Lawton**

“Let’s Talk About Stroke for Everyone, Patients, Families, Caregivers”. We will review the causes of stroke, the signs and symptoms of stroke, recovery from stroke and resources available to provide more education and support for stroke survivors and their families and caregivers.

**Beverly Lawton** RN, MSN is the Stroke Coordinator at UPMC Northwest which is certified by The Joint Commission as an Advanced Primary Stroke Center and recognized by the American Stroke Association Get With the Guidelines for excellence in stroke care. She is passionate about providing education and support to the community as a stroke nurse and as a stroke caregiver. She has seen the effects stroke has on the patient, the family and life going forward. Stroke affects everyone. Education and early recognition can help prevent stroke and/or make recovery from stroke better.
